We are an all-volunteer association with monies collected going directly to improve and keep our courts in top shape, in addition to supporting junior tennis programs in our area.

Membership in the *Five Cities Tennis Association* is only \$25 for the entire family for the year and our light key program for night play is only \$25. Membership applications are available at the courts and online at our web site <http://fivestates.com>

We want to thank the following for their continued support
